

CRIMECAST Reports

With a detailed, color-coded map and a spreadsheet of risk scores, users can identify potential asset protection concerns surrounding an address. A quick glance at the map shows the site in relation to its environment. The CRIMECAST Scores allow for an in-depth analysis of the overall crime risk.

CRIMECAST Scores

- A** The CAP Index Score represents the overall risk of crime at the address.
 - CRIMECAST Scores are based on a scale of 0 to 2000, with 0 representing the lowest risk and 2000 the highest – 100 is average.
 - A score of 600 is 6 times higher than average, and a score of 25 indicates that the risk is ¼ the average.
 - Each CRIMECAST Report contains 90 risk scores provided for 3 geographic levels and 3 time periods:
 1. **National** scores provide the site's risk in comparison to all of Canada.
 2. **Province** scores compare the site to the average risk of the province in which it resides.
 3. **Census Subdivision** scores compare the site to the average risk of the census subdivision in which it resides.
 4. **Past, Current and Projected** risk scores are provided to allow for trending.

CRIMECAST Map

- B** Census areas are outlined in blue. There are over 23,000 census areas in Canada. Each area contains over 1,000 residents with similar socioeconomic characteristics. Every census area is assigned a numeric risk score and a coinciding risk shading.
- C** The site map is color-coded to depict the level of risk within each area and identify the potential origin of criminal behavior. CAP Index Score ranges are used to assign risk shading similar to that of the green, yellow and red color scheme found on a traffic light.
- D** A radius threshold analysis is used to determine a site's overall risk. The inner radius represents 1 mile (1.6 km) or a population of 25,000, equaling ⅓ of the overall score. The outer radius represents 3 miles (4.8 km) or a population of 100,000, providing the remaining ⅔. In addition to the 1:3 methodology shown to the left, a 2:6 methodology is also available. This methodology applies an inner radius of 2 miles (3.2 km) or a population of 100,000 and an outer radius of 6 miles (9.7 km) or a population of 400,000.

About the CRIMECAST Map & Scores (cont.)

CRIMECAST Scores

This page contains 90 risk scores provided for 3 geographic levels and 3 time periods.

- A National** scores provide the site's risk in comparison to all of Canada and are broken down by CRIMECAST Category. **Past, Current** and **Projected** risk scores are provided to allow for trending.
- B Province** scores compare the site to the average risk of the province in which it resides and are broken down by CRIMECAST Category. **Past, Current** and **Projected** risk scores are provided to allow for trending.
- C Census Subdivision** scores compare the site to the average risk of the census subdivision in which it resides and are broken down by CRIMECAST Category. **Past, Current** and **Projected** risk scores are provided to allow for trending.
- D** The **National Past, Current** and **Projected** risk scores for the CAP Index Score and each CRIMECAST Category are graphed in order to provide a visual representation of the site's risk pattern over an extended period of time.

Proximity Data

This page helps to identify potential targets, threats or other points of interest (POI) in a site's vicinity and is based on information supplied by external data providers. This assessment focuses on select POI categories that fall within the general headings of infrastructure, transportation and attractions.

POI CATEGORY	CLOSEST POI NAME	LOCATION	DISTANCE IN	
			MI	KM
Attractions				
Marina	Dows Lake Marina	Ottawa, ON K1S	1.8	2.9
Shopping	Gl Myles	Ottawa, ON K1P	0.1	0.2
Sports Complex	Aréna De Hull-Robert Guertin	Gatineau, QC J8X	1.5	2.4
Infrastructure				
Court House	Ottawa Courthouse	Ottawa, ON K2P	0.3	0.5
Hospital	Ottawa Hospital-Civic Campus-Er	Ottawa, ON K1Y	2.4	3.9
Police Station	Ottawa Police	Ottawa, ON K2P	0.9	1.4
Transportation				
Airport	Rockcliffe Airport	Ottawa, ON K1K	3.9	6.3
Bus Station	Greyhound-Ottawa	Ottawa, ON K1R	1.0	1.6
Commuter Rail Station	O-Train Bayview	Ottawa, ON K1R	1.5	2.4
Ferry Terminal	Traverse Masson-Cumberland	Gatineau, QC J8M	15.7	25.3
Park & Ride	Parc-O-Bus Aréna Robert Guertin	Gatineau, QC J8X	1.5	2.4
Train Station	Ottawa Station	Ottawa, ON K1G	2.2	3.5

A The map displays the closest point of interest from each POI category within a 6-mile (9.7 km) radius of the site as listed in the table to the right. Points of interest that fall outside of the 6-mile (9.7 km) radius are not displayed on the map.

B This table contains the name and location of the closest point of interest from each POI category. Additionally, the distance from the site to that point of interest is provided.
